IX International

Colorectal Meeting

**1st Chilean Consensus on early and
locally advanced rectal cancer**

August 21st to 23rd, 2025

 Hotel Marina del Sol Concepción, Chile

Sponsored by

08:00 h | Welcome speech • Gino Caselli Morgado

I: NEW FRONTIERS IN COLON CANCER | 08:10 - 10:10 h

Colon cancer in 2025: evidence-based management algorithms • Paris Tekkis

Vascular anatomy in right-sided colon. Preoperative radiologic evaluation. • Cecilia Besa

Indications in laparoscopic CME in right colon cancer. Everyone has indication of D3? • Rodrigo Oliva-Pérez

Cancer at the edges: resection and prognosis of tumors at the flexures and in between • Nicolás Rotholtz

Multivisceral resections in T4b colon cancer • Paris Tekkis

10:00 - 10:20 h | Coffee time ☕

II: IBD AND MORE | 10:20 - 12:30 h

Lessons from a Master IBD Surgeon (Do and don't in IBD surgery) • Paulo Kotze

Challenging scenarios in IBD (Difficulties on descending the pouch, overview in ileocelectomy in CD or else) • Paulo Kotze

Standardization of minimally invasive ileoanal J-pouch • Paris Tekkis

Innovative approaches in the treatment of complex Crohn's Disease perianal fistula • Paulo Kotze

Acute severe ulcerative colitis: the precise moment for colectomy • Paulo Kotze

How to deal with Hinchey III diverticulitis patients? • Nicolás Rotholtz

12:30 - 14:30 h | Lunch time 🍴

III: RECTAL CANCER | 14:30 - 17:00 h

Is MRI useful for local excision in early rectal cancer? • Cecilia Besa

Organ preservation for rectal cancer and outcome with local excision after neoadjuvant therapy • John Marks

Intermediate distal rectal cancer (cT2-T3ab N0) local excision. Is it possible? • John Marks

Stage III rectal cancer. Neoadjuvance vs. primary upfront surgery. • Nicolás Rotholtz

Changing from APR to sphincter preservation after neoadjuvant treatment. Safe or not? • Rodrigo Oliva-Pérez

Downfalls at the OR. Is this really happening to me? • Nicolás Rotholtz

16:10 - 16:30 h | *Just a little time to discuss...* • Meeting board

Adjourn 

08:00 h | Welcome 2nd day • José Manuel Vivanco

IVa: LOCALLY ADVANCED RECTAL CANCER | 08:10 - 10:10 h

Local regrowth after watch & wait. Does it change anything? • Rodrigo Oliva-Pérez

Organ preservation and handling near complete response • Quentin Denost

Tailored operative strategy and ileostomy policy in locally advanced rectal cancer • Quentin Denost

Indications, implementation and quality measures for TaTME for rectal cancer • John Marks

Surgical strategy for colorectal cancer with synchronous hepatic metastases • Paris Tekkis

Sacrectomy in pelvic exenteration. What are the limits? • Quentin Denost

10:10 - 10:30 h | Coffee time ☕

IVb: LOCALLY ADVANCED RECTAL CANCER | 10:30 - 12:30 h

Mesorectal and lateral lymph-nodes. Local or systemic disease? • Nicolás Rotholtz

Selective lateral lymphadenectomy after-CRT • Rodrigo Oliva-Pérez

Anastomotic leakage after TME: Intra-operative preventive measures • Quentin Denost

Management of Rectal GIST • Paris Tekkis

Indication of adjuvant chemotherapy in the era of TNT: Analysis of pooled datas from GRECCAR4 and PRODIGE23 • Quentin Denost

12:30 - 14:30 h | Lunch time 🍴

V: TO TEACH, TO LEARN AND TO ENJOY (VIDEO FORUM) | 14:30 - 16:40 h

Hemorrhage during lateral pelvic node dissection • **Rodrigo Oliva-Pérez**

Robotic complex Crohn's disease • **Paulo Kotze**

Martius flap repair for ileal pouch-vaginal fistula • **Paulo Kotze**

Tips in transanal transection and single stapled anastomosis (TTSS) • **Quentin Denost**

Delayed anastomosis in rectal cancer • **Quentin Denost**

Robotic Total mesorectal excision • **Quentin Denost**

Laparoscopic and robotic CME: The correct technique • **John Marks**

Single port robotic transanal total mesorectal excision • **John Marks**

The best of both worlds: Robotic single port colectomy • **John Marks**

Tips & tricks to treat distal rectal margin • **Nicolás Rotholtz**

Laparoscopic management in anastomotic colorectal leakage • **Nicolás Rotholtz**

Kono-S anastomosis technique for recurrent Crohn's disease • **Nicolás Rotholtz**

Robotic pelvic exenteration • **Paris Tekkis**

Handsewn coloanal anastomosis. Techniques. • **Paris Tekkis**

17:00 h | Farewell • **Gino Caselli Morgado**

SATURDAY AUGUST 23RD

09:00 h | *Welcome to the 1st Chilean Consensus on early and locally advanced rectal cancer* • **Christian König P-L**

09:05 h | *Words on behalf of Chilean Society of Colorectal surgeons* • **Rodolfo Avendaño**

09:10 h | *Technical specifications of MRI in rectal cancer* • **Cristina Torche**

09:25 h | *MRI Local etapification in pre & after CRT* • **Raúl Riquelme**

09:40 h | *PROSPECT. Can radiotherapy be avoided?* • **Sebastián Solé**

09:55 h | *Short vs long course. Individualized treatment?* • **Sebastián Solé**

10:10 h | *Current status on MSI rectal cancer and Immunotherapy. Where are we?* • **Bruno Nervi**

10:25 h | *Colorectal surgeon and near-complete response* • **Felipe Quezada-Díaz**

10:40 h | *Neoadjuvance in upper rectal cancer* • **Eduardo Larenas**

10:55 - 11:15 h | *Coffee time* ☕

11:15 - 12:00 h | *Comments & discussions* • **Guests**

12:00 h | *Farewell* • **Gino Caselli Morgado**
